

ACCESSORIES AND SERVICE REPLACEMENT PARTS LIMITED WARRANTY

WARRANTY DEFINED

Caron Products & Services, Inc. (herein after CARON) hereby warrants that accessories and service replacement parts sold/manufactured by CARON are free from defects in materials and workmanship when the equipment in which they are installed is used under normal operating conditions in accordance with the instructions provided by CARON.

COVERED:

- Service replacement parts have a ninety (90) day replacement warranty from the date of shipment.
- Equipment accessories installed post equipment installation have a ninety (90) day replacement warranty from the date the accessory ships.
- Equipment accessories factory installed on the equipment with the original equipment sale have the same warranty as the unit in which they're installed.
- Service parts or accessories considered consumable are only replacement warranted to installation and initial function. Items include: light bulbs, filter, gases, cleaning agents, etc.
- Service parts or accessories found to be defective in the warranty period will be replaced at Caron's discretion. Defective items must be returned to Caron at the customer's expense.

NOT COVERED:

- Labor for installation of a warranted replacement service part or accessory.
- Cost of express shipping for warranted replacement parts or accessories.
- Service parts or accessories damaged during shipment or installation. When a service part or accessory is signed for at the customer's site, ownership of that item transfers to the customer. The customer is responsible for any damage claim against the shipping company.
